## **THE BALLOT BOX MUST MAKE THE DIFFERENCE**

Many of those who represent us both in Raleigh and Washington have taken advantage of their tenure long enough. It is time for them to go! Term limits would be welcomed with open arms. There is something about the city limits sign that changes the perspective of those who represents us. It doesn't take them long to be introduced into the establishment where common sense and patriotism no longer prevail. It becomes a "you scratch my back and I will scratch your back" philosophy. Too many of those elected by the people and of the people are no longer for the people. It would be wonderful at election time if the people remembered not what their representatives said but what they did during their tenure and vote

accordingly. A republican representative in Raleigh was recently asked what he thought about the Marriage Rally. His response was; "I was not for it". He has also stated that he must vote with the opposition if he gets perks for those whom he represents. This attitude is far too common in the political realm. Return America would challenge its readers to follow the voting records closely of those who represents you. If they represent your values, support them. If you are shocked at their voting record support their opposition especially if they align themselves with your position. The ballot box can and should make the difference!

## **MARRIAGE AMENDMENT**

Thousands of people from across our state have expressed their desire to vote for the Marriage Amendment. We have come to Raleigh by the thousands. We have called and mailed our representatives with no apparent success. Today the Marriage Amendment languishes in a committee followed by another committee followed by another committee to assure its defeat. The citizens of North Carolina deserve better. We would encourage you to keep calling Basenight and Hackney's office and express your desire to vote for the Marriage Amendment. We would also encourage those who live in their districts to remember their displeasure of Biblical marriage when you vote at the ballot box.

## LET'S SET THE RECORD STRAIGHT!

Our President recently stated that; *"We do not consider ourselves a Christian nation or a Jewish nation or a Muslim nation."* Woodrow Wilson stated that; *"A nation which does not remember what it was yesterday, does not know what it is today, nor what it is trying to do. We are trying to do a futile thing if we do not know where we came from or what we have been about."* Lets say this clearly and plainly, this nation was not founded by or on Islam, but on Christianity! Our Supreme Court stated in 1892, *"No purpose of action against religion can be imputed to any legislation, state or national, because this is a religious people...This is a Christian nation."* Our founding fathers came to the shores of this land with a Bible not a Koran in their hand. The pilgrims who landed at Plymouth Rock were Christians, not Muslims. A Newsweek poll recently stated that 62% of this nation still considers itself a "Christian Nation." While our leaders are cuddling our enemies, they continue to preach that the infidels (Americans) should be killed. This is not a Judeo-Christian-Muslim nation. The women of America can still vote and hold public office because of the freedoms given to them by Christianity. While our leadership is afraid to pressure those who seek our destruction, our enemies behead our citizens in Moslem countries. We often wonder whose payroll some of our leadership is on. If one remembers correctly, those terrorists who attacked our nation were Muslims. If I continue to remember correctly, we are presently fighting two wars on Muslim territory. We have Muslims housed off the coast of Cuba who tried to terrorize this nation. It is time to put the baby bottles up and get out the boxing gloves! What will it take for leadership to learn that you cannot cuddle a rattle snake. We are grateful that all people can live on these shores but not at the expense of destroying their freedom to do so.

*The purpose of Return America is to build a network of churches and individuals to educate, motivate, and mobilize citizens in a united effort in promoting Judeo-Christian values; to educate and influence government in these principles upon which our state and nation were founded.*
