STUPID?

Recently, we have heard much about the word "stupid." Webster defines stupid as: "Given to unintelligent decisions or acts—acting in an unintelligent or careless manner—lacking intelligence or reason." In view of the present demise of our country, one could easily come to the conclusion that there may be more stupid people in this country than a specific police department who was unjustly accused.

A lack of reason has permeated this administration. Inexperience and immaturity in the decision-making process causes us much concern! They have targeted the killing of the unborn like no other administration in recent memory. One of the first acts of the present administration was to provide money for the killing of the unborn around the world. King Herod, who killed thousands of children at the birth of Jesus Christ, and President Obama could slap their alcoholic glasses together in a toast of bloody celebration. When President Obama hosted nearly 200 homosexuals, transvestites, and lesbians at the White House, he identified himself with the twin cities of Sodom and Gomorrah whose depravity was so low that God provided an urban renewal program void of taxpayers' money. The June 27, 2009 edition of the San Francisco Pride (a homosexual publication) carried a presidential directive concerning Obama's policies pertaining to the homosexual sin. "This issue affects not only the LGBT community, but also our entire nation--. If we can work together to advance the principles upon which our nation was founded, everyone will benefit."

Obama's ignorance of American history is astounding. When word came to George Washington that a homosexual was in the Revolutionary Army, he wrote an order that he was to be drummed out

of the camp the following morning. The order was not "don't ask, don't tell," but expel. Finally, when Obama concluded his directive he stated; "IN WITNESS THEREOF; I have here and to sit my hand the first day of June, in the year of our Lord, two thousand and nine, and of the independence of the United States of America the two hundred and thirty-third." How pathetic that the President of the United States of America would identify the Precious, Holy Name of our Lord with the filthy sin that God disdains and judges!

When President Obama speaks of health care, one is pushed to ask, "Whose health and whose care?"

The Declaration of Independence states that "We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable rights, that among these are Life, Liberty and the pursuit of Happiness." One cannot believe the tenants of the Declaration of Independence and at the same time desire to end the lives of both the unborn and the elderly.

When speaking at Georgetown University, the White House demanded that the emblem directly behind the President representing the person of Jesus Christ be covered up. Our Lord recognized such a depraved day and spoke to it in Luke 9:26: "*For whosoever shall be ashamed of me and of my words, of him shall the Son of man be ashamed, when he shall come in his own glory, and in his Father's, and of the holy angels.*"

The President used the right word but made the wrong application. •

DR. JOE HAAS

The twenty-year Chicago church-going President has broken a clear Biblical Scripture when in front of millions of Americans he threw a beer party, hoping to straighten out his provocative statement. The wise man Solomon said it best in Proverbs 31:4, 5: *"It is not for kings, O Lemuel, it is not for kings to drink wine; nor for princes strong drink, Lest they drink, and forget the law, and pervert the judgment of any of the afflicted."* Tens of thousands of young people will use his escapade to justify the consumption of alcoholic beverages. Former President Taft spoke to the issue correctly when he said, "He who drinks is deliberately disqualifying himself for administration."

Stats are very clear. For every 10,000 people killed by alcohol, one person is killed by a mad dog. Yet we license the alcohol and kill the dog. One would be hard pressed to find an insurance company providing reduced rates to those who consume alcohol. I have never heard a wife say, "My husband would be a better man if he would get drunk." I have never heard the father of an engaged bride say, "I sure hope my daughter marries a drunk."

Proverbs 20:1: *"Wine is a mocker, strong drink is raging: and whosoever is deceived thereby is not wise."*

The purpose of Return America is to build a network of churches and individuals to educate, motivate, and mobilize citizens in a united effort in promoting Judeo-Christian values; to educate and influence government in these principles upon which our state and nation were founded.

Habakkuk 2:15: *"Woe unto him that giveth his neighbour drink, that putteth thy bottle to him, and maketh him drunken."*

Every week in America, enough people die from alcohol - related deaths to fill a 747 airplane. There are three parties in Washington and across America: The Republican party, the Democratic party, and the cocktail party.
