## THE BRITISH ARE COMING!

When the signal came Paul Revere waiting on the opposite side of the Charles river made his way through the streets of Lexington warning the people that the British were coming. His ride ended in the house of Pastor Jonas Clark where Samuel Adams and John Hancock were visiting. They had enough insight to recognize the perils facing their country. They had prepared themselves for that hour and in the words of Pastor Clark were "prepared to die if necessary." Shortly thereafter the shot was fired on Village Green which was heard around the world. This conflict would eventually bring freedom to these shores but at a great sacrifice. Over twenty five thousand individuals would give their lives for a cause they believed was worth dying for.

Freedom comes at a great sacrifice. In short, freedom is not free! Freedom can only survive by a Godly people who keep their political leaders in check with Biblical standards. President James Garfield a preacher of the gospel himself stated the case well when he said; "Now, more than ever before, the people are responsible for the character of their Congress. If that body be ignorant, reckless, and corrupt, it is because the people tolerate ignorance, recklessness, and corruption. If it be intelligent, brave, and pure, it is because the people demand these high qualities to represent them in the national legislature---If the next centennial does not find us a great nation---it will be because those who represent the enterprise, the culture, and the morality of the nation do not aid in controlling the political forces." Rev. Charles Finney a leader in the Second and Third Great Awakenings further stated; "The Church must take right ground in regard to politics---The time has come that Christians must vote for honest men and take consistent ground in politics---Christians have been exceedingly guilty in this matter. But the time has come when they must act differently--God cannot sustain this free and blessed country which we love and pray for unless the Church will take right ground."

**The British are coming again!** This time

they dress in suites and sit in the Legislature and halls of Congress. They make promises during the campaign season only to break when casting their votes. They are sent of the people, by the people and for the people only to forget the views of the people when in public office. Judeo-Christian values are out of season and off limits in Raleigh and Washington. In the words of Thomas Jefferson; "And can the liberties of a nation be thought secure if we have lost the only firm basis, a conviction in the minds of the people that these liberties are the gift of God? That they are not to be violated but with His wrath?" We have sinned grievously as a nation and should expect nothing less than the displeasure of our Omnipotent God. The wheels of God grind slow but they grind exceedingly thin. When we take pleasure in Gods displeasure, when we call wrong right and right wrong, when we make acceptable that which God calls an abomination and dismiss His Presence as no longer important there is only one inevitable result. God writes the obituary of that nation and future historians write about the past glory of a once great nation. When some in public office quote more often from the Koran than the Bible and seek to turn our nation over to an abortion mill mentality and social engineering there is one of two options. Either recognizes that the British are coming again and take action or accept the status quo and watch our nation further erode beyond the bounds of no return. The alarm has sounded! It is time for all Patriots to report for duty! We need good Godly people, not politicians to run for our offices. We need citizens to answer the call of our Constitution and exercise their God given right to cast their moral vote at the ballot box.

### MARRIAGE PETITION

Please go to our web site and sign our Marriage Petition. We would like to present thousands of petitions to our Legislators during our Rally. Our web address is: [www.returnamerica.org](http://www.returnamerica.org)

### THE GROUND WORK IS BEING PUT IN PLACE

In states where same sex marriage has now been lawfully approved the Judiciary has stated that the so called "Bullying Bill" was a prerequisite to same sex approval. Unfortunately our Legislature just approved the "Bullying Bill" by a close vote. This bill which exalts "sexual orientation" and "gender identity" will now become North Carolina Law. This is another piece of the groundwork which will be used against Traditional Marriage in this State when our Marriage Laws are contested. The upcoming "Sex Education Bill" will also become another target of the opposition. Please stay in touch with these bills and contact your Representative and ask them to vote "No".

## A PORTION OF GEORGE WASHINGTON'S FAREWELL ADDRESS

“Of all the dispositions and habits which lead to political prosperity, religion and morality are indispensable supports. In vain would that man claim the tribute of patriotism, who should labor to subvert these great pillars of human happiness, these firmest props of the duties of men and citizens. The mere politician, equally with the pious man, ought to respect and to cherish them. A volume could not trace all their connections with private and public felicity. Let it simply be asked: Where is the security for property, for reputation, for life, if the sense of religious obligation desert the oaths which are the instruments of investigation in courts of justice? And let us with caution indulge the supposition that morality can be maintained without religion. Whatever may be conceded to the influence of refined education on minds of peculiar structure, reason and experience both forbid us to expect that national morality can prevail in exclusion of religious principle.”
