## TWO YEARS OF THANKFULNESS

Return America has now celebrated its second anniversary. In such a short period of time, this organization has achieved phenomenal success. Our Dear Lord has given many wonderful victories. From helping change political elections, to defeating liquor by the drink, Return America has been on the forefront with resounding accomplishments. Return America continues to sound the alarm and bring church ministries together across our entire state to morally rectify our abounding apostasy.

As we come to the close of this year and the forefront of another year, we would like to express our sincere appreciation to each church

and individual for your many contributions to Return America. I have been honored to meet so many new and wonderful people and speak in so many great churches. The excitement has been contagious, and the moving of God has been extraordinary. I have been greatly encouraged as I watched a new excitement emerge among our people. A new understanding of our history has spurred a renewed interest in our present and future. Many people are now realizing that our future hope rests in the return of our moral sanity.

## FORSYTH COUNTY CONTINUES TO FIGHT

The Forsyth County Commissioners recently decided to continue a law suite defending the right of sectarian prayer. We congratulate the Commissioners for standing with our founding fathers on such a vital issue. The first recorded prayer in the history of this country was closed with the phrase, "All this we ask in the Name and through the merits of Jesus Christ thy Son and our Saviour, Amen." We must have a rebirth of historical reality to put our nation back on course.

## UNITED STATES VS. UNITED NATIONS

Sixty-seven nations recently signed a statement recognizing sexual orientation and gender identity. The declaration was submitted by France in the United Nations. Fortunately, the United States refused to sign the declaration. Some believe that the Obama administration will endorse the declaration in the future. To date, homosexual marriage is illegal in some seventy nations.

We are experiencing a movement here in our State to incorporate such language in specific areas. Some public school boards have already included this language in their school policy. Other school boards are wrestling with this issue. We would encourage you to stay informed about upcoming policy in your school board meetings.

## **2009 MARRIAGE RALLY**

For some time, we have been working and planning the Marriage Rally in Raleigh. A minority of people in this country are waging an unholy war against the sanctity of marriage. A combination of homosexual activists and judicial activism has launched an all-out war against the home and family. When the moral people do speak with clarity, they are called homophobic. However, names do not matter as long as truth prevails. God's definition of a family relationship is the permanent union of one man and one woman wed to each other.

All polls taken in this state are in agreement that the people of North Carolina desire a Constitutional Amendment defining marriage as the union of one man and one woman. Since North Carolina is the only state south of Tennessee and east of Texas without a Marriage Amendment, we believe the time has come for concrete action. Our legislators have refused the people of North Carolina the moral right to vote on this issue for five years. We are asking people from the mountains to the coast to make plans to be in Raleigh on March 3<sup>RD</sup>, 2009, at 11:00 a.m. at Halifax Mall, directly behind the Legislative Building. We believe thousands will be present to voice their moral opinion on behalf of the sanctity of marriage.

*The purpose of Return America is to build a network of churches and individuals to educate, motivate and mobilize citizens in a united effort in promoting Judeo-Christian values; to educate and influence government in these principles upon which our state and nation were founded.*
