## RETURN AMERICA IS PRO-FAMILY!

One of the firm principles of Return America is the sanctity of marriage and family. We believe that the most basic unit of society is the traditional family which Biblically consists of "One man and one woman legally joined in marriage." "We support both state and federal constitutional amendments to protect the traditional family."

Never before has the traditional family come under such severe attacks. The State of Massachusetts has lead the way in perverting the sanctity of marriage. Now they are at it again. Here are some of the bills facing public hearing this Tuesday March 4th in Massachusetts.

**1. Allow homosexual couples from another state to get "married" in Massachusetts.** This bill if passed can potentially bring problems to North Carolina. Currently no out of state couple can get married in Massachusetts. Should this bill pass it would spread homosexual "marriage" across our country. A couple from North Carolina could go to Massachusetts and get married and then demand that our State legally recognize their marriage. Unfortunately our Legislature will not allow the people of this State to vote on the Marriage Amendment which would place another hurdle before a liberal court.

**2. Transgender rights and hate crimes bill.** "This is probably the most radical bill ever seriously considered by

the Massachusetts legislature. This is the homosexual movement's next frontier, as they see it, to change society. This bill would protect and promote a range of bizarre and obscene behaviors in schools, businesses, and public accommodations. It would criminalize any critical response (real or perceived) to any sort of public or private *undefined* "gender identity and expression" (including bizarre public sexual behaviors). This will change society. It would affect schools, government, private businesses, health clubs (locker rooms, etc.), and all public accommodations. Churches and religious institutions are NOT exempted from this! It would also give state sanction to dangerous surgical mutilations and hormonal manipulations of people suffering from a recognized psychiatric disorder" (Massresistance Update)

North Carolina is the only State south of Tennessee and east of Texas which does not have a Marriage Amendment. Florida will be voting on a Marriage Amendment this year. Please remember our upcoming Marriage Amendment Rally March 1-2, 2009 at our Legislative Building in Raleigh. We are expecting thousands of people to voice their displeasure at an uncommitted Legislature.

We are pleased to announce two great speakers at our Marriage Amendment Rally in March 2009. Mr. David Barton of Wall-builders and Attorney David Gibbs III have confirmed that they will participate in our Rally. Both of these men bring a wealth of material to our meeting. Brother Barton is the premier historian of this day. You will sit in awe as you hear him talk about our Judeo-Christian heritage. Attorney Gibbs is an excellent speaker and one of the great defenders of the faith of this generation. Along with his dad, David Gibbs Jr. and the Christian Law Association they stand in the gap for religious freedom.

## WOODROW WILSON

This generation would do well to heed the following statement by former President Woodrow Wilson: " A nation which does not remember what it was yesterday, does not know what it is today, nor what it is trying to do. We are trying to do a futile thing if we do not know where we came from or what we have been about.....The Bible is the one supreme source of revelation of

the meaning of life, the nature of God, and spiritual nature and needs of men. It is the only guide of life which really leads the spirit in the way of peace and salvation. America was born a Christian nation. America was born to exemplify that devotion to the elements of righteousness which are derived from the revelations of Holy Scripture."
