

“Let’s Kill Them”

That’s precisely what Hussain Obama says! That’s what a multitude of Democrats in congress are saying. The Capps Amendment passed by Democrats in the Energy and Commerce Committee says that the “public health insurance option shall provide coverage for (abortion) services,” and directs the “Commissioner” to “assure” that every American will have access “to at least one... plan that provides coverage of (abortion) services.” The Associated Press recently stated that ObamaCare “would allow a new government-sponsored insurance plan to cover abortions.” In both the House and Senate Democrats have voted down every attempt to make sure abortion funding is kept out of the health care proposal.

Let’s make it plain! Let’s say it straight! Let’s quit beating around the bush! It’s time to hit the bush and become Biblically honest. Abortion is murder! If the reader read over the previous statement let me say it again, abortion is murder! As a matter of fact abortion is premeditated murder. Abortion is an act before the fact arrived at by both the patient and doctor. Abortion is a means of birth control to some. Others use abortion to take away the responsibility of raising children. Abortion is an “Obamanation!” While in the Illinois State Senate Hussian Obama voted against a law that would provide immediate medical attention to a child born of a failed abortion. He also voted “no” on notifying parents of minors who get out-of-state abortions. Anyone who would sanction taking the precious, defenseless life of the unborn should be removed from office and charged with murder. They are filled with a reprobate mind, “Raging waves of the sea, foaming out their own shame; wandering stars to whom is reserved the blackness of darkness forever.” (Jude 13)

The Hippocratic Oath says in part: “I will give no deadly drug to any, though it be asked of me, nor will I counsel such, and especially I will not aid a woman to procure abortion...”

It is a scientific fact every surgical abortion stops a beating heart and measurable brain wave activity. When a person no longer has a beating heart and brain wave activity we call that death. Therefore if we have a beating heart and brain wave activity we should call it life and recognize it as such and protect it.

Scott Klusendorf who wrote “Pro-Life 101” has described the pre-born and newborn in the word “SLED.”

1. **Size:** Does how big you are determine who you are?

2. **Level of development:** Are twenty-year-olds more human than ten-year-olds. since they are smarter and stronger?

3. **Environment:** Does being inside a house make you more or less of a person than being outside? Does being located in his mother’s body rather than outside make a child less human?

4. **Degree of dependency:**

Does dependence upon another determine who you are? Is someone with Alzheimer’s or on kidney dialysis less of a person? Am I, an insulin dependent diabetic, less of a person than before I contracted the disease?

The staggering facts are that one out of four children conceived is surgically aborted. One half of all unplanned pregnancies are aborted. In the United States 43 percent of women of childbearing age have had or will have abortions. (Alan Guttmacher Institute) There are more human beings killed in their mothers womb in a 24 hour period than lost their lives in the destruction of the World Trade Center. The staggering facts are that eighteen percent of all U.S. abortions are performed on women who identify themselves as born-again or evangelical Christians. That translates into nearly a quarter-million abortions each year in Bible-believing churches. (*Why Pro-life--Randy Alcorn*) Many pulpits have become silent on this issue while the living babies from their churches scream to their aborted deaths by unethical money sucking doctors. King Herod who killed thousands of young children would feel right at home today both in Washington and on the front row of some of our liberal churches.

Mr Hussain Obama has stated that determining when life begins is “above my pay grade.” Maybe he should check the book by which he will be judged. (John 12:48) Children are “an heritage of the Lord.” (Psalm 127:3) The prophet Jeremiah was sanctified by God and called to be a

prophet while still in his mothers womb. (Jeremiah 1:5) God considered Jeremiah a viable human being before birth. The same is true of John the Baptist. The Son of God was called a "Child" while still in His mothers womb. (Luke 2:5) As a matter of fact the Scriptures teach that Mary was a virgin with child thus acknowledging Jesus as a person before His Birth. (Matthew 1:23) The Prophet Isaiah was given a name before his birth. (Isaiah 49:1) Jesus took upon Himself the "form of a servant and was made in the likeness of men" (Philp: 2:6-8) He was given His form while in His mothers womb thus God was man before His birth in His mothers womb.

Where Do We Go From Here?

In Nazi Germany laws were enacted permitting the elimination of "useless" members of society. Over eighteen million people were slaughtered because they represented "useless" people. This pattern is at work in America at this very moment. There have been millions of babies who could not speak for themselves slaughtered by wholesale murder in their mothers womb. The slaughter continues by unethical thugs. Now end of life is being discussed by the present administration. Who will be next? Will it be the aged, the incurably ill, the mentally ill, or a racial minority. What about the Christians? We are becoming more and more despised because we are a thorn in the side of the socialist. Today the unborn, tomorrow? Think about it, you might be next! ■

Return America Involved in Victories

Recently Return America was contacted by a preacher who desired to begin a church in Indian Trail North Carolina. The Planning Board had excluded churches in commercial zones. Return America contacted The Gibbs

Law Firm which presented the Board with documentation that the preacher was within his legal rights to establish a church inside the commercial zones. The Board has reversed itself and will now allow churches within commercial zones.

Recently in High Point North Carolina HUDD officials stopped religious services in Elm Tower. Again Gibbs Law Firm provided us with a legal brief which we delivered to the COO. The HUDD Office has now stated that religious services may resume in Elm Tower. HUDD acknowledged that some of their representatives had mis-read the law pertaining to HUDD Property.

We are thankful that Return America has been raised up to assist in situations of this nature. Please continue to pray that our Lord will continue to use Return America in an even greater way in the days ahead. ■
