HIGH POINT RALLY

Volume 1, Issue 13
Date 06/27/2007

For several months the people of High Point have watched their Representatives in City Government refuse to stand on the prayer issue. The citizens of High Point have filled the Council Chambers to overflow capacity yet by majority the Councilmen refuse to allow sectarian prayer. This Saturday there will be a large "Prayer Rally" at the Green Street Baptist Church in High Point North Carolina. The Rally is scheduled to begin at 2:00 PM. I will be joining other special guest speakers. Your participation would be welcomed and greatly appreciated. We must send a strong signal that the citizens of High Point and North Carolina are determined to have valid representation in City Government.

MIDWAY COMMUNITY-DAVIDSON COUNTY

Return America has once again been asked to get involved in the prayer issue. The Midway community has recently been incorporated with appointed leaders not chosen by the populace. Three of the five council members are not only refusing to pray Christian prayer but are not open to hear another point of view. We are meeting with Fundamental Pastors in the community and helping them prepare for the upcoming election. We are confident that we will be able to help some of the present members find a good, decent honest job this November.

YADKIN COUNTY COMMISSIONERS

Return America was able to help assemble the largest crowd in recent history in the county seat of Yadkinville. Approximately 3000 people came together to challenge the Yadkin County commissioners to remember that Government is of the people, for the people and by the people. A few days later at the County Commissioners Meeting people filled the building to capacity only to watch four of the five Commissioners choose to not represent those who placed them into office. Many of those who left the meeting were heard saying, "We will make some changes come election time." We believe those good people will carry through with their promises. We are currently working with people in Yadkin County to prepare for the next County Commissioners election.

TREND IN GOVERNMENT

People across our Nation are perplexed that many of those they sent to represent them are failing to do so. Recently eleven Representatives in Massachusetts who promised to be loyal to marriage sold out at the last minute and refused to allow the people of that State the privilege of voting on the Marriage Amendment. We are experiencing the same situation here in our State. If our leaders in Raleigh truly represented the people of this State we would have a Marriage Amendment in place. Recently Speaker of the House Joe Hackney overrode both the desires of the people of this State and the Rules Committee by killing the Marriage Amendment. The tentacles of corruption and peer pressure tend to have more influence on some than morality and ethics. President John Adams stated; "Our Constitution was made only for a moral and religious people. It is wholly inadequate to the government of any other." When the Biblical value system is discarded by our public officials we are then able to see the hypocrisy of their fake hand shakes and false promises. We would encourage each of you to remember and make the necessary corrections come election time. May God be please to once again give us spiritual patriots.

The purpose of Return America is to build a network of churches and individuals to educate, motivate and mobilize citizens in a united effort in promoting Judeo-Christian values; to educate and influence government in these principles upon which our state and nation were founded.

OUR FOREFATHERS WOULD NOT RECOGNIZE AMERICA

Thomas Jefferson stated; "God who gave us life gave us liberty. Can the liberties of a nation be secure when we have removed a conviction that these liberties are the gift of God?" Recent court decisions have stated that America citizens cannot publicly acknowledge God. Judges who make such decisions have thumbed their nose at our Declaration of Independence and our years of history. In 1892 Supreme Court Justice David Brewer writing for the majority stated that, "this is a religious people. This is historically true. From the discovery of this continent to the present hour, there is a single voice making this affirmation." I am reminded of William Penn's famous statement, "Those people who are not governed by God will be ruled by tyrants." The signers of our Declaration of Independence knew something that many in present political leadership have not learned and refuse to accept. For instance Charles Carroll stated, "Without morals a Republic cannot subsist any length of time." Another signer Mr. Gouverneur Morris said, "There must be religion. When that ligament is torn, society is disjointed and its members perish." Finally Mr. Benjamin Rush summarizes our thinking, "I have been alternately called an aristocrat and a democrat. I am now neither. I am a Christocrat--He alone who created and redeemed man is qualified to govern him."
